TERMS AND CONDITIONS

D. ESTABLISHMENT AND FURNISHING OF SERVICE

1. Application for Service
 - a. Applications for service may be made orally, in writing or on line where available. These applications become contracts upon the establishment of service. The Company may require an applicant to pay in advance an amount equal to two month's exchange rate. If a deposit is required by the Company, applicable non-recurring charges and service charges (if any) may be required in advance. The terms and conditions specified for such contracts are subject to these General Terms and Conditions and this Services Catalog for the exchange from which service is to be furnished. Any change in rates, rules or regulations shall act as a modification of the contract to that extent, without further notice.
 - b. Minimum contract periods and termination of service are covered elsewhere in Part II of this Services Catalog.
2. Telephone Numbers
 - a. The customer has no proprietary right in the telephone number or any right to continuance of service from any specific central office, and the Company may assign or change the telephone number, the central office designation, or both, as is necessary in the conduct of its business or subject to any porting requirements. Except for non-payment of yellow page advertising, when customers are assigned a new number within the exchange, the former working number intercept shall provide the new number to a calling party for not less than 60 days or until the issuance of a new directory.
3. Alterations
 - a. The customer agrees to notify the Company promptly whenever alterations or new construction on premises owned or leased by the customer necessitate changes in the Company's facilities. The customer agrees to pay the Company's charges for such changes.
4. Payment for Service
 - a. The customer is required to pay all rates and charges for local, exchange services and facilities.
5. Maintenance and Repairs
 - a. All expense of maintenance and repair of regulated services or facilities provided by the Company will be borne by the Company. The customer will be held responsible for restoration or replacement costs in case of loss of, damage to, or destruction of any of the Company's facilities not due to normal use. Customers may not rearrange, disconnect, or remove or permit others to rearrange, disconnect, or remove any Company owned facility installed by the Company unless provided elsewhere in this Services Catalog.

DEFINITIONS

DEMARCATION POINT - The physical point at which a utility's public network ends and the customer's personal network begins. The demarcation point defines where the utility's responsibility for maintenance ends and the consumer's responsibility begins.

DIRECTORY LISTING - A publication in the Company's alphabetical directory of information relative to a customer's name or other identification and telephone number.

DISCONNECT - The disabling of circuitry preventing both outgoing and incoming communications.

DISCONNECT NOTICE - The written notice sent to a customer following billing, notifying that service will be discontinued if charges are not satisfied by the date specified on the notice.

DUE DATE - The last day for payment without unpaid amounts being subject to a late payment charge or additional collection efforts.

DUE NOTICES - See "Disconnect Notice."

ENHANCED UNIVERSAL EMERGENCY NUMBER SERVICE (E911) - A telephone exchange service whereby one or more Public Safety Answering Points designated by the customer may receive telephone calls dialed to the telephone number 911.

ENTRANCE FACILITIES - Facilities extending from the point of entrance on private property to the premises on which service is furnished.

EXCHANGE - A geographical area established for the administration of local communications services in a specified area, called the "Exchange Area", which usually embraces a city, town or village, and its environs. It may contain one or more central offices together with the associated plant, equipment, and facilities used in furnishing communication service within that area.

EXCHANGE AREA - The territory served by an exchange.

EXCHANGE SERVICE - The furnishing of facilities for communication within an exchange area, in accordance with the regulations and charges specified in the Local Services Catalog.

EXTENDED AREA SERVICE - Extended Area Service (EAS) means telephone service furnished between end user customers located within an exchange area and all of the end user customers of an additional exchange area. Extended Area Service is only for local calls both originating and terminating within the defined extended area by the end users of local exchange companies.

FOREIGN CENTRAL OFFICE - Any central office other than that which serves the area in which the customer is located.

DEFINITIONS

MINIMUM CONTRACT PERIOD - The minimum length of time for which a customer is obligated to pay for services and/or facilities, whether or not retained by the customer for such minimum length of time.

NETWORK INTERFACE DEVICE (NID) – A device that serves as the demarcation point between the carrier’s local loop and the customer’s premises wiring. Outdoor telephone NIDs also provide the subscriber with access to the station wiring and serve as a convenient test point for verification of loop integrity and of the subscriber’s inside wiring.

NONRECURRING CHARGE - A one-time charge associated with certain installations, changes or transfers of services, either in lieu of or in addition to recurring monthly charges.

NOTICE - See "Disconnect Notice."

OUTSIDE PLANT - The telephone facilities installed on, along, or under streets, alleys, highways, and private rights of way between customer locations, central offices or the central office and customer location.

PAY TELEPHONE SERVICE - A central office access line providing connections for pay telephone equipment.

PAY CENTRAL OFFICE ACCESS LINE - A circuit extending from the central office equipment up to and including the demarcation point to provide both local and toll service.

PREMISES - The space occupied by an individual customer in a building, in adjoining buildings, or on contiguous property including property separated only by a public thoroughfare, a railroad right-of-way, or a natural barrier.

PRIVATE BRANCH EXCHANGE TRUNKS - See "Central Office Access Line."

RATES - Recurring amounts billed to customers for regulated communications services.

RESALE SERVICE - Central Office Access Line service obtained by a customer from the Company and resold to occupants of a building or complex of buildings.

RESIDENCE SERVICE - Telecommunication service furnished to customers when its use is for domestic purposes.

SERVICE CHARGE - The charge a customer is required to pay at the time of the establishment of telephone service or subsequent changes to that service.

SERVICE CHECK - See "Check of Service".

LOCAL EXCHANGE SERVICE

RESALE AND SHARED SERVICES

A. GENERAL

1. The Company will provide central office access lines to any landlord, owner, tenant association, or other affiliated group for the purpose of reselling or sharing local exchange services to occupants of a building or complex of buildings with a community of interest.
2. All persons (end-users) or occupants in a building or complex of buildings shall be permitted to subscribe to local exchange service from the Company.
3. The telephone rates charged to resale or shared use providers of service shall be on the same basis as business service.
4. The rates contained herein are in addition to all other applicable rates and charges located in other parts of this Company's Services Catalog.

B. CONDITIONS

1. Community of interest as used in Paragraph A.1. above normally indicates joint or common ownership but other factors may be considered.
2. The local resale or shared use supplier is required to subscribe to a sufficient number of access lines to assure the local network is not impaired and shall provide adequate facilities to its customers.
3. The Company is responsible for transmission quality up to the point of demarcation with the resale/shared use supplier. Transmission quality on the customer side of demarcation shall be the responsibility of the resale/shared use supplier.
4. The local resale/shared use supplier shall be responsible for providing local exchange telephone directories to its customers or users. The Company shall provide the resale/shared use supplier a directory in accordance with Part II of this Services Catalog.

C. CONDITIONS (Continued)

4. A foreign or nonsubscriber listing is furnished to customers requesting that their listing be included in a directory of an exchange other than that from which service is rendered. The rate for a foreign company listing will be the rate of the company in whose directory the listing appears. The Conditions of paragraph C.1. above shall apply.
5. Unlisted Service indicates the customer listing is omitted from the directory but otherwise posted on the directory assistance records and the telephone number will be given out upon request.
6. Private service is the omission of a customer's listing from both the telephone directory and directory assistance records.
 - a. When private service is to be furnished, the customer will hold the Company harmless from any damages which might arise, and will absolve the Company from any responsibility for the failure of the customer to receive calls because of the private listing.
 - b. No charge will apply for private service for customers having other listed service.
7. The charge for additional, alternate or private listings is effective the day the directory assistance record is posted.

GENERAL EXCHANGE SERVICES

C. CONDITIONS

- 1. Route and type of facilities
 - a. The Company shall determine the route and type of construction which will be used in the extension of its facilities within an exchange. All such line extensions shall be owned and maintained by the Company.
 - b. The Company will be responsible for the route of the proposed line extension facilities upon which costs will be developed. Such routes will include the last pole or cable distribution box on public or private property but will exclude the drop wire (maximum of __) for the building in which the telephone service is to be located.
 - c. Any difference in costs between the type of construction proposed by the Company for use on a line extension and the type of construction requested by the customer will be charged at actual cost for the difference. (See Part II, Special Type of Construction.)
 - d. When two (2) or more applicants mutually agree they may be considered as a "group." Line extension charges will be established in order to determine the amount of construction which needs to be provided. Line extension charges computed for the total extension, less allowable costs, may be proportionately divided among the applicant making up the "group."

- 2. Obligation of the Company
 - a. The Company’s obligation to provide service through line extensions is solely dependent upon its ability to secure, retain, and maintain suitable rights-of-way without unreasonable expense.
 - b. The Company will survey all prospective customers who could receive service from each proposed line extension project prior to its construction.

- 3. Payment of charges applicable to line extensions shall be paid in advance.

- 4. Applicants requesting service which can be provided from a previously established line extension project:
 - a. Within 12 months from the time service was initially provided by means of such line extensions, initial charges will be recomputed by the Company and the applicant will pay a proportionate share of such charges as if they were one of the initial applicants and appropriate refunds will be made to the original customer(s).
 - b. After 12 months from the time service was initially provided, such applicant(s) will be responsible for the charges and conditions applicable to the establishment of line extension facilities required to serve them alone.

- 5. Except as provided elsewhere in this Services Catalog, refunds of line extension charges will not be paid by the Company.

GENERAL EXCHANGE SERVICES

C. CONDITIONS (Continued)

6. Supersedure of service provided from a line extension and any adjustment in an amount paid by a customer discontinuing such service will be a matter of negotiation between the disconnecting customer, who has obligated himself for the line extension charge and the superseding applicant.
7. The Company will have the option to specify the type of construction to be used when line extensions are requested for service into real estate subdivisions or mobile home parks. Any difference in costs of types of plant facilities used by the Company or requested by the subdivider will be negotiated between the parties.
8. When the line extension proposed contains growth potential to provide for anticipated future service demands, the proposed customer(s) will only be obligated for that portion of such line extension costs as would be necessary to serve the new customer alone. It will be to that segregated amount that the Formula for average Outside Plant costs will be applied.
9. Line extensions of a temporary or speculative nature
 - a. Line extension of the Company's facilities may be made to provide service of a temporary or speculative nature. An applicant whose service is considered speculative or temporary in nature will be charged the total actual costs of construction and estimated costs of removal, less salvage value, for the material used to establish the service.
 - 1) If after a 12-month period the temporary or speculative project is considered by the Company to be a permanent service, a refund may be made to the customer for the difference between costs paid and the charges which would have been computed for a regular line extension.

C. DEFINITIONS

1. Individual Services

- a. Blocked Call Rejection: Allows a customer of Caller Identification - Name and/or Caller Identification - Number to reject calls for which calling name/number display information has been intentionally blocked. Only calls for which the information has been blocked are rejected.
- b. Call Forwarding-Basic: Permits a customer to transfer all incoming calls to another dialable telephone number. The customer pre-selects a second telephone number to which all incoming calls are automatically transferred. Calls may be transferred to a long distance message telecommunications point subject to the availability of the necessary facilities in the central office from which the calls are to be transferred.
- c. Call Rejection: Enables a customer to reject call attempts from calling parties by dialing a code and the telephone numbers of calls to be rejected. Any call attempts to the customer from these numbers will be prevented from terminating to the customer and will instead be connected to an announcement informing the caller that the call is not presently being accepted by the called party. A customer may also reject future calls from the most recent call received by dialing a code after completing the call.

* - Rates are available to customers at the Company's office, website or by mail.

C. DEFINITIONS (Continued)

- d. Call Trace: Allows a customer to activate an immediate trace of the last incoming call, without requiring prior approval and intervention by telephone company personnel. The identification of the traced number is located at the telephone company.
- e. Call Waiting: By means of a tone signal a customer who is using his telephone is alerted when another caller is trying to reach that station. This permits putting the first call on hold so that a second call can be answered.
- f. Call Waiting Deactivation: This feature gives Call Waiting customers the ability to control when Call Waiting functions on their line.
- g. Call Identification Blocking-Per Call: Enables a customer to control the disclosure of their telephone number or name and telephone number to a subscriber of Caller Identification (where technically feasible) by temporarily changing the public/private status indicator of the telephone number. A customer must dial a code before each call to change the indicator from public to private. "Public status" allows delivery of the telephone number or name and telephone number. "Private status" prevents delivery of the telephone number or name and telephone number. Per Call Blocking is provided at no charge.
- h. Call Identification Blocking-Per Line: Provides a permanent private indicator on a customer's line. Once blocking is established on the customer's line, the private status cannot be deactivated by the customer. Rates and charges are provided herein. Federal, State and Local Law Enforcement Agencies, nonprofit domestic violence/sexual assault agencies and their staffs, and victims of domestic/sexual assault or individuals who express a personal safety need and sign a personal safety exemption form may be provided additional arrangements for private status and/or line blocking, on a line-by-line basis, at no charge.

The certification form identifies the customer who is to receive Per Line Blocking at no charge and acknowledges that if a line is equipped with Per Line Blocking, that the telephone number and name will not be delivered to subscribers of Caller ID, including poison control centers, hospitals, medical centers and others who might use Caller ID to provide assistance. 911 is not affected. And, some subscribers of Caller ID Service may choose not to answer blocked calls.

The customer acknowledges the understanding of the above. Further, the customer releases the Company from all claims and liability, including personal injury caused by its errors, omissions and operation or malfunction of Per Line Blocking service.

C. DEFINITIONS (Continued)

- i. Caller Identification-Name: Allows for the automatic delivery of a calling party's name to the called customer, which gives the called customer an opportunity to decide whether to answer the call immediately or not. The name is displayed on customer provided equipment.

The name displayed shall be the name associated with the calling telephone number as shown on the Company's records. The Company, in its discretion, may abbreviate or limit that name for display purposes. The Company does not assure name accuracy, and it shall not be liable to any party for errors, omissions or mistakes. The Company's sole and only obligation shall be to reasonably correct errors in names when notified in writing of such errors.

- j. Caller Identification-Number: Allows for the automatic delivery of a calling party's telephone number (including nonpublished and nonlisted telephone numbers) to the called customer, which gives the called customer an opportunity to decide whether to answer the call immediately or not. The number is displayed on customer provided equipment.

- k. Continuous Redial: Automatically redials the last number a customer dials. If the called party's number is busy, a special tone will alert the customer when the called number becomes idle.

- l. Distinctive Ringing: A central office based service which provides up to three distinctive ringing codes on incoming calls, using one individual access line. The distinctive ringing codes are achieved by assigning up to three additional telephone numbers to the access line. Two types of Distinctive Ringing are available:

Type A: The above service without a directory listing.
Type B: The above service with a directory listing.

- m. Last Call Return: Enables a customer to perform an activation procedure and automatically redial the last incoming number without having to know the number of the calling party.
- n. Selective Call Acceptance: Allows customers to define a list of calling directory numbers that from which calls will be accepted. Any directory number on the list will be routed per normal call processing. The directory numbers not on the list will receive an announcement stating that the call is not presently being accepted by the called party.

N11 – SERVICE OFFERINGS (Continued)

B. TERMS AND CONDITIONS (Continued)

13. N11 will be provided under the following conditions:

- a. The subscriber will subscribe to adequate telephone facilities, both initially and subsequently as required in the judgment of the Company, to handle calls to N11 without impairing the Company's general telephone service or telephone plant.
- b. The N11 subscriber is responsible for obtaining all necessary permissions, licenses, written consents, waivers and releases, and all other rights from all persons whose work, statements or performances are used in connection with the service, and from all holders of copy rights, trademarks, and patents used in connection with the service.
- c. The N11 subscriber shall be liable for, and shall indemnify, protect, defend and save harmless the Company against all suits, actions, claims, demands and judgments, and of all costs, expenses and counsel fees incurred on account thereof, arising out of and resulting directly or indirectly from the service or in connection therewith, including but not limited to, any loss, damage, expense or liability resulting from any infringement or claim of infringement, or any patent, trademark, copy right, or resulting from any claim of liable and slander.
- d. Suspension of N11 Services is not allowed.
- e. The N11 subscriber will respond promptly to any and all complaints lodged with any regulatory authority against any service provided via N11. At the Company's request, the N11 subscriber will assist in responding to complaints made to the Company concerning the subscriber's N11 service.
- f. The Company will provide both oral and written notification when a N11 subscriber's service unreasonably interferes with or impairs other services rendered to the public by the company or by other subscribers of N11. The Company reserves the right once notification is made to institute protective measure up to and including termination at any time and without further notice. The Company may take protective measure when the N11 subscriber makes no modification or is unwilling to accept modification in method of operation, or continues to cause service impairments.
